

# TRANSPORT / PARKING

## **Parking**

No parking is available on site. Patrons can use the various inner city pay-for parking stations. Limited metered parking along Alice Street. We recommend that you park at Southbank or one of the many CBD parking facilities.

## **Public Transportation**

We recommend you use public transport to travel to and from Riverstage. Please contact Translink on 131 230 to check routes and schedules of buses, trains, ferries and City Cat services, or visit their website at [www.translink.com.au](http://www.translink.com.au). The closest train station is at Southbank (we recommend patrons make use of the Goodwill Bridge which stretches from the Southbank precinct to the entrance to the Riverstage). Otherwise, Central Station is another option (but is about a 20-25 minute walk). The nearest City Cat terminal is at QUT and is only a short walk to the venue
